CELEBRATING 65 YEARS OF PROVEN PERFORMANCE

Since 1951, Bush Hog® has been proudly building superior farm implements right here in Selma, Alabama!
Our community presence has created hundreds of jobs, contributing to the area's economic progress.

MULTI-SPINDLE "ROTARY CUTTERS"

Bush Hog's entire line is designed for heavy crop clearing, pasture maintenance, and other big jobs that require a durable, reliable machine. With cutting widths from 7 to 14 feet, and a range of hitch types and mounting options, these heavy-duty deck cutters are built to withstand extreme duty and provide superior performance and productivity with minimal maintenance for many years.

"ROTO HOG" TILLERS
RTG AND GR SERIES

NEW RT60G

Built Bush Hog® tough for years of dependable service, there is a tiller model to fit your application. The standard six blades per flange on every model gives the maximum breakup of soil even in hard or packed conditions. The heavy-duty gear drive alleviates worries about the durability of a chain drive in the same tough conditions.

"ZERO-TURN" MOWERS

Renowned durability and reliability make our ZT mowers perfect for commercial landscapers, town-care professionals, and homeowners with acreage, creating professional results in a fraction of the time. Bush Hog® has the mower to meet your needs!

Trust in a company whose name has become synonymous with the task.
That's performance. That's reputation. That's Bush Hog®.

STOP THE SURGE!

"Feeling the Rush" may be great for some, but it's not what your appliances & electronics need.

Electrical surges created by lightning, accidents, or switching of heavy equipment may be damaging or even destroying your sensitive equipment. Our surge protection program is designed to stop surges. A low monthly fee covers a safety ground check and major appliance protection. Additional equipment can be completely protected with plug-ins offered as an optional part of the program.
