COOL IT!
WITH A HEAT PUMP

That's right! Lots of folks forget that an electric Heat Pump is one of the most effective air conditioners you can have in your home. It removes heat and humidity and cools your entire home. Then in the winter, you get the **BIG BONUS!** With just a flip of the switch, your heat pump becomes the most economical heating system you can buy...reducing your energy costs by as much as 60 percent.

So, if you are replacing a central heat and air conditioning system or building a new home, talk to us first. Let us tell you about heat pumps and our no-money-down, low-interest, long term financing. Let us show you how an electric heat pump can help you cool it in the summer heat.
