IF THIS LOOKS

PAINFUL TO YOUR KNEES...

Then Your Knees Should Consider MAKOpasty®

MAKOpasty partial knee resurfacing is a minimally invasive procedure for knee osteoarthritis powered by highly advanced, surgeon-controlled robotic arm technology—saving as much of your original knee as possible while delivering the potential for a more rapid recovery and natural feeling knee.

HCMC is the only hospital in the region offering Mako Robotic Arm Assisted Technology for partial knee and total hip replacements. Only 5 hospitals in TN and none in KY offer this technology for joint replacements. Call us today to see if you are a candidate.

HISTORY OF THE WORLD'S BIGGEST FISH FRY

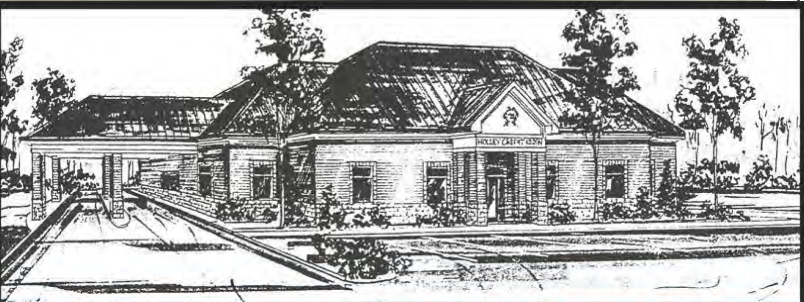

The "Fish Fry" evolved from "Mule Day," which originated in 1938 with the Paris Post Intelligencer as the first sponsor. Farmers came to town on the first Monday in April to trade their mules and other farm products, do their shopping, and enjoy the fellowship of their friends. Early in the 1950's, the Chamber of Commerce took over "Mule Day" and the tractors took the place of mules. The Chamber of Commerce started looking for another event to replace "Mule Day."

In 1953, the Chamber of Commerce held the first, "Fish Fry." The event was not as successful as hoped. The fish were not taken from Kentucky Lake and just did not please the fish eating public. The parade was short but sweet, and the event was held on Barton Field for one day and night.

In 1961, the Paris-Henry County Jaycees took over the "Fish Fry" from the Chamber of Commerce. The "Fish Fry" was starting to grow too much for the Chamber to handle, so the Jaycees (Junior Chamber of Commerce) took over the event, taking the name of "World's Biggest Fish Fry," an event that truly lives up to its name.

Wednesday - Friday 4PM
Saturday & Sunday 12 Noon

Since 1961, the “World’s Biggest Fish Fry” has grown considerably - from 1,600 pounds to over 5 tons of catfish being cooked and served at the Robert E. “Bobby” Cox Memorial Fish Tent.

Community participation and support of the “World’s Biggest Fish Fry” unites the community in many ways. Community involvement by attending one of the six beauty pageants, buying souvenirs, eating fish dinners, attending the rodeo, entering or watching the Grand Parade or the Small Fry Parade, and going to the carnival makes the event successful.

The history of the “Fish Fry” started with the farmers and their mules. Each past “Fish Fry” makes new history by trying new and different things, increased attendance, more catfish served, and more community involvement.

The Paris-Henry County Jaycees hope to make the “World’s Biggest Fish Fry” bigger and better each year.

COOL IT!
WITH A HEAT PUMP

That's right! Lots of folks forget that an electric Heat Pump is one of the most effective air conditioners you can have in your home. It removes heat and humidity and cools your entire home. Then in the winter, you get the BIG BONUS! With just a flip of the switch, your heat pump becomes the most economical heating system you can buy...reducing your energy costs by as much as 60 percent.

So, if you are replacing a central heat and air conditioning system or building a new home, talk to us first. Let us tell you about heat pumps and our no-money-down, low-interest, long term financing. Let us show you how an electric heat pump can help you cool it in the summer heat.
